Conservation District considers dock variances

The White Bear Lake Conservation District (WBLCD) will hold a public hearing at its May 20 Board meeting to consider requests from the East Shore Dock Assn (Lot 12, Block , East Shore Park, Mahtomedi) and Amit Patel (213 Park Ave., Mahtomedi) to extend their dock lengths for the 2025 season. The public hearing will be held at or after 7:10 pm, May 20 at the White Bear Lake City Hall Council Chambers, 4701 Hwy 61. The meeting agenda will be posted at wblcd@msn.com three days before the meeting.

The WBLCD was formed by the State of Minnesota in 1971 to manage White Bear Lake in collaboration with other agencies that also make rules and regulations regarding the lake.
