

White Bear Lake Manitou Days Summer Cleanup 2025

When: Saturday, June 28, 2025, 8am – 12 noon.

Where: Anywhere you choose in or around White Bear Lake*. This is an official Manitou Days event!

How: Launch your canoe, kayak, rowboat, river raft, gondola or whatever you've got into the lake and move along

the shoreline and scoop up any trash you see.

Don't have a boat? Pick up trash on foot from your own lakeshore or choose a public park to clean up.

***Important!** Do not enter private land without permission from the landowner!

What then: Once you have gathered your pile of trash, take a photo of your trash haul and either email it to White Bear Lake Conservation District, wblcd@msn.com, or tag us on social media (WBLCD on Facebook or WBLConservationDistrict on Instagram) with hashtag #MDCleanUp. Finally, dispose of the trash in a proper waste receptacle.

We will post the best trash photos on the WBLCD website and social media. Thanks for participating!
